CPPIB is a prominent and established investor in India, and their investment demonstrates the alignment of the NIIF Master Fund's investment strategy with what large international investors seek in the infrastructure sector in India. With this fourth close of the NIIF Master Fund, we are pleased that the fund has achieved its initial target size of US\$2.1 billion with domestic and international investors of the highest reputation and quality. We thank all our investors, and the Government of India, particularly the Ministry of Finance and the Ministry of External Affairs, for their strong support."

**Scott Lawrence, Managing Director, Head of Infrastructure, CPPIB,** said: "The opportunity to invest in, and alongside, NIIF complements our existing direct investment strategy in Indian infrastructure. Through this investment in the NIIF Master Fund, we are also able to deploy capital in additional projects and sectors across the country, providing further long-term opportunities for CPPIB to invest in Infrastructure in India."
